1003 Hans Pendant 60

Designer:**Hans-Agne Jakobsson**

Manufacturer:**Vaarnii**

£1,060

DESCRIPTION

1003 Hans Pendant 60 by **Hans-Agne Jakobsson** for **Vaarnii**.

Initially designed in the 20th century, Vaarnii has re-engineered three of Hans-Agne Jakobsson's iconic pendant lights as part of their first venture into lighting.

It is believed that the design for Jakobsson's original pine pendant resulted from a temporary solution to a glaring light in the designer's Christmas shop window. Hoping to defuse the bright light, he created a pendant out of pine wood chips, which admirers were quickly enamoured by.

Boasting a distinctly graphic silhouette, the striking forms are built from solid Finnish pine and circular strips of pine veneer in differing sizes. A new solid ceiling rose has been introduced, creating an organic, uniform aesthetic.

When switched on, warm light filters through the pine veneer, highlighting the material's distinct tone and grain.

DIMENSIONS

60dia x 34cmh

MATERIALS

Once a popular material amongst Finnish artisans, Vaarnii wants to revive the use of Pine Wood within furniture construction.

The Hans pendant is made from a combination of solid pine wood and pine veneer.

The pine wood is harvested from sustainably managed Finnish forests, is PEFC certified and slow grown, finished with a stain-resistant, transparent, matte oil wax.

As a result of the naturally occurring oils and resins in the wood, pine develops a rich honey colour over time.

Please note: due to the soft nature of pinewood, the material is prone to developing scratches and dents. Vaarnii believes these markings are to be celebrated and viewed as building to the uniqueness and charm of the product.

Light source: E27 LED filament lightbulb.
