DESCRIPTION

003 Stilts Side Table by **Philippe Malouin** for **Vaarnii**.

Inspired by the lakeside cabins that reside both in Finland and in Malouin's home town of Quebec, the surface and drawer of the table have been elevated on delineated legs.

The humble drawer was designed to store our daily essentials, its proportions suited to hold smartphones, tablets, books or standard-sided laptops. The drawer sits inside an open cavity that can be accessed from both front and back, allowing charging cables to pass through.

The side table is sturdy and intuitive in its design and is suitable for a range of settings, including living rooms and bedrooms.

MATERIALS

Once a popular material amongst Finnish artisans, Vaarnii wants to revive the use of Pine Wood within furniture construction.

The pine wood is harvested from sustainably managed Finnish forests, is PEFC certified and slow grown, finished with a stain-resistant, transparent, matte oil wax.

As a result of the naturally occurring oils and resins in the wood, pine develops a rich honey colour over time.

Please note: due to the soft nature of pinewood, the material is prone to developing scratches and dents. Vaarnii believes these markings are to be celebrated and viewed as building to the uniqueness and charm of the product.
