

012 Kolmio Bench

Designer: **Cecilie Manz**

Manufacturer: **Vaarnii**

£2,900

DESCRIPTION

012 Kolmio Bench by **Cecilie Manz** for **Vaarnii**.

Designed using 100% Finnish pine wood, the Kolmio Bench is the result of Danish designer Cecile Manz's sophisticated aesthetic, which places great importance on function and material.

Seemingly straightforward in its design, the bench has been constructed by sandwiching an internal layer of offcut pine enclosed between perfect pine plank.

The bench stays true to Vaarnii's approach to honest design by displaying its unique construction rather than concealing it.

The Kolmio Bench is available in two sizes and is designed to accompany the Kolmio Dining Table.

DIMENSIONS

Small: 176w x 42d x 45cmh

Large: 227w x 42d x 45cmh

MATERIALS

Once a popular material amongst Finnish artisans, Vaarnii wants to revive the use of Pine Wood within furniture construction.

The pine wood is harvested from sustainably managed Finnish forests, is PEFC certified and slow grown, finished with a stain-resistant, transparent, matte oil wax.

As a result of the naturally occurring oils and resins in the wood, pine develops a rich honey colour over time.

Please note: due to the soft nature of pinewood, the material is prone to developing scratches and dents. Vaarnii believes these markings are to be celebrated and viewed as building to the uniqueness and charm of the product.
