

015 Peace Outdoor Lounge Chair

Designer: **Faye Toogood**

Manufacturer: **Vaarnii**

£1,650

DESCRIPTION

015 Peace Outdoor Lounge Chair by **Faye Toogood** for **Vaarnii**.

Designed by Faye Toogood for Vaarnii, the 015 Peace Outdoor Lounge Chair and Footstool unite Toogood's playful aesthetic with the brutal and honest Finnish pine characteristic of Vaarnii's collection.

A bold interpretation of the archetypal Adirondack chair, the rounded edges of the 015 Peace Lounge Chair add a visual softness to the chair's exaggerated frame. Featuring a low profile and high back, the frame provides support and seclusion, while the wide seat and armrests add comfort and provide space to retreat and relax.

Staying true to Vaarnii's ethos of honouring the natural qualities of pine, the Peace range is crafted in Finland from Finnish pine wood. The pine is heat-treated for protection against the elements while allowing the pine to continue to age over time.

DIMENSIONS

77w x 96d x 102cmh

MATERIALS

The 015 Peace Outdoor Lounge Chair is crafted from Finnish Lunawood ThermoWood®, a heat and steam treated pine. The process ensures the wood is weather-resistant, dimensionally stable and 100% chemical-free.

Please note that the wood will develop a silver tone when exposed to UV light. The products will reach their final color after approximately one year outdoors.
