DESCRIPTION

005 Lounge Chair by **Max Lamb** for **Vaarnii**.

Although bulky at first glance, the 005 Lounge Chair offers a visual softness and comfort through its gentle slopes and soft curves.

A rational outcome from research into pine and how it goes from forest to consumer, the seat has been crafted from off-the-shelf pieces of wood that are assembled together to form a logical structure.

Material is then removed from the hefty form to create two spacious convex recesses that exhibit the characterful grain within.

MATERIALS

Once a popular material amongst Finnish artisans, Vaarnii wants to revive the use of Pine Wood within furniture construction.

The pine wood is harvested from sustainably managed Finnish forests, is PEFC certified and slow grown, finished with a stain-resistant, transparent, matte oil wax.

As a result of the naturally occurring oils and resins in the wood, pine develops a rich honey colour over time.

Please note: due to the soft nature of pinewood, the material is prone to developing scratches and dents. Vaarnii believes these markings are to be celebrated and viewed as building to the uniqueness and charm of the product.
