DESCRIPTION

Cloverleaf In and Outdoor Sofa by **Verner Panton** for **Verpan**.

Designed by Verner Panton in 1969, the Cloverleaf sofa seamlessly merges sculptural, organic design elements with functional adaptability. Drawing inspiration from the intricate structure of a clover sprig, its form flows with elegance and fluidity.

A defining feature of the sofa is its unique backrest, which rises from the seat to offer support and a visual and physical barrier between the other side of the seat.

The modular design of this playful sofa, comprising right, left and middle units, offers near-infinite opportunities to customise the sofa.

Available in 2 or 3 unit (seater) systems. 4, 5 and 6 seater variations are also available, please **enquire** for details.

For further illustration of the components and possible set-ups please see the PDF in the product downloads section.
