

Fun 10DM

Designer: **Verner Panton**

Manufacturer: **Verpan**

£1,128

DESCRIPTION

Fun 10DM Pendant Lamp by **Verner Panton** for **Verpan**.

This jubilant pendant, designed by Verner Panton in 1964, displays a myriad of pearlescent discs that cast a delicate pattern of reflected light on surrounding surfaces.

Panton created the Fun collection when he tried to design a light that would cast a diffused light while making a statement in a colourful room. In his initial design, he utilised metal discs, but he swapped these out for mother-of-pearl discs after coming across the seashells on a beach in Malaysia.

In addition to providing light, the Fun 10DM creates a gentle crystalline sound when a soft draught stirs the hanging discs.

Chrome ceiling canopy included.

The fun collection of lighting is often regarded as Verner Panton's most recognisable and celebrated designs. Discover the range in the 'Product range' below.

DIMENSIONS

57dia x 38cmh

Cable: 400cm black fabric
