DESCRIPTION

Fun 1DM Pendant Lamp by **Verner Panton** for **Verpan**.

Designed in 1964 by Verner Panton, the Fun collection is often regarded as one of his most recognisable and celebrated designs.

Determined to create a light that would cast a diffused light while making a statement in a colourful room, Panton's original initial design utilised metal discs. Hoping to achieve a lighter aesthetic, Panton swapped these out for mother-of-pearl discs after coming across some seashells on a beach in Malaysia.

The Fun 1DM features a three-ring tiered design, which suspends the discs connected with small metal rings.

The result is a light that casts a delicate pattern of reflected light whilst creating a gentle crystalline sound when a soft draught stirs the hanging discs.

Chrome ceiling canopy included.
