DESCRIPTION

Grand Relax lounge chair by Antonio Citterio for Vitra.

The luxurious Grand Relax combines excellent comfort with compact dimensions. The high-quality leather upholstery gently engulfs the user when sitting down, the concealed integrated mechanism absorbing their weight effortlessly. A control knob can be rotated to adjust the mechanism's resistance, while the backrest can lock at any angle.

The Grand Relax features a combination of premium leather and split leather upholstery. The lower half of the outer backrest shell and the understructure of the chair are covered with split leather (leather forte) forming a cocoon that enfolds the user while defining the chair's contours.

The seat is available in two different heights: 41.5cm and 46.5cm.

Pricing example is for a Grand Relax lounge chair only. Matching ottoman is available.
