

Mikado Armchair

Designer: **Barber Osgerby**

Manufacturer: **Vitra**

£839

DESCRIPTION

Mikado Armchair by **Barber Osgerby** for **Vitra**.

Designed in 2023, Barber Osgerby's Mikado Armchair is characterised by its unparalleled comfort and simple aesthetic. Hidden beneath the plush seats is a discreet mechanism which allows for a gentle recline. This innovative feature makes the chair ideal for extended periods of sitting and suitable for various settings, such as home dining tables, restaurants, or meeting rooms.

Mikado is a chair that prioritises sustainability in its design. The upholstery is removable*, and the legs can be replaced or exchanged individually, giving you the freedom to modify the chair's appearance to match your evolving preferences and surroundings. The seat is crafted from recycled polypropylene, which can be easily separated from the foam padding during the recycling process.

*Please note that the covers must be removed by a Vitra professional. Please enquire for more details.

DIMENSIONS

59w x 56.5d x 44/81cmh

MATERIALS

The Mikado Armchair is crafted with a flexible backrest and back shell in recycled post-consumer polypropylene.

The seat has an inner seat panel made from die-cast aluminium with polyurethane foam surrounding.

The base is available in either a smooth powder-coated aluminium or natural or dark oak with a protective varnish.

For upholstery swatches, please see the PDF download section.

Please specify your preference for glides in the text box below.
