DESCRIPTION

Eames 670 Lounge Chair + Ottoman | Santos Palisander by Charles + Ray Eames for Vitra.

Since 1956, the Eames Lounge chair has blended ultimate comfort with the finest materials and craftsmanship. Charles and Ray Eames drew inspiration from the classic British club chair, crafting a lighter, more refined, and contemporary lounge chair that stands as one of the most distinguished designs in modern furniture history.

The production of the Lounge Chair involves 47 distinct steps, many of which require manual work. Each step is meticulously executed using high-quality materials to ensure the long-lasting quality that allows the lounge chair to be passed down for generations.

Vitra has also re-issued this product in **Snow** and **Black** colourways and in a new **American Cherry** shell finish. See 'More products in this range' below.

Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and the Far East. Therefore the export of these products from the UK to the U.S. is not possible.

The Vitra original selection offers a 10-year warranty.
