Eames RE DAR Armchair

Designer:**Charles and Ray Eames**

Manufacturer:**Vitra**

~~Was £475~~ Now £403

DESCRIPTION

Eames RE DAR Armchair by **Charles + Ray Eames** for **Vitra**.

Plastic Armchairs were first presented as part of a New York Museum of Modern Art competition, “Low-Cost Furniture Design”. Their organically shaped plastic seat shells were later combined with various different bases and manufactured in their millions.

The Eames Plastic Chair has undergone numerous refinements and adjustments throughout its conception in the 1950s. To enhance its sustainability the chair shells now utilise recycled materials sourced from German household waste, notably collected through the 'Der Gelbe Sack' (Yellow Bag) system and predominantly from used packaging. This shift from traditional plastic to recycled material not only contributes to a reduction in climate-damaging emissions but also conserves energy.

DAR stands for Dining Height Armchair Rod Base.

Please note new height was introduced in 2015 - raising the seat by 2cm.

Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and the Far East. Therefore the export of these products from the UK to the U.S. is not possible.

Note: Only the chairs with powder-coated finish are suitable for outdoor use. Chairs with chrome finish are not suitable for outdoor use.

DIMENSIONS

62.5w x 60d x 43/83cmh

MATERIALS

Wire base with cross struts, chromed or powder-coated in basic dark.

The seat is made fromrecycled postconsumer waste.

Please note that due to the nature of the material, the recycled shells will exhibit very subtle specks of pigment. There may also be slight colour variations between seats.

Optional seat upholstery in Hopsak fabric (pdf of colours available to download in Product downloads). View the pdf in the download section to explore upholstery options.

Fully upholstered chairs are available with an option of black or white piping.

All chairs supplied with basic dark carpet glides as standard. Please enquire for other glide options.
