

Eames EA 108 chair, 1958

Designer: **Charles and Ray Eames**

Manufacturer: **Vitra**

£2,290

DESCRIPTION

Eames EA 108 chair by Charles & Ray Eames for Vitra.

The chairs in the Aluminium Group are the most famous creations by Charles and Ray Eames. Designed in 1958, they are rated among the great achievements in the design history of the 20th century.

An important characteristic of the Aluminium Chair is the intelligent combination of materials. It has a clear, transparent form and its construction is clearly visible. Aluminium sections lend the chair both stability and lightness. The material is fixed into the side sections, yet fitted loosely so that it follows the line of the body and is comfortable without requiring extensive upholstery. This material is not a cover but an integral part of the design.

This chair, as well as all others in the Eames Aluminum Group, includes a 30-year guarantee.

Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and Far East. Therefore the export of these products from the UK to the U.S. is not possible.

For more information please get in touch with Herman Miller.

The Vitra original selection offers a 30-year warranty.

DIMENSIONS

58w x 59d x 40/83cmh

MATERIALS

Swivel base with armrests in polished or chromed aluminium. Glides for the hard or soft floor.

Upholstered in Netweave, Hopsack, Leather with Plano leather back panel, or premium leather F with Plano back panel.

Leather Premium F is a cowhide leather with a smooth finish and beautiful top sheen. It is dyed-through and has a light pigment. It is also eco-friendly as it's treated with an olive tree leaf tanning agent (a by product of the olive harvest). Choose from 22 different colours for this premium leather collection.

View fabric and leather upholstery options in the pdf in the downloads section.
