

Lobby chair ES 105, 1960

Designer: **Charles and Ray Eames**

Manufacturer: **Vitra**

£7,590

DESCRIPTION

Lobby chair ES 105 by Charles & Ray Eames for Vitra.

Comfortable armchair on swivel base designed by Charles & Ray Eames in 1960.

Due to a similar structural design as the iconic Eames Lounge chair, the Lobby chair and Lounge chairs feature the same outstanding seating comfort. The Lobby chair consists of three individual cushions joined by side frames in aluminium.

The Lobby chair was originally designed for lobby areas in New York's Time Life Building. Different versions were then designed in the following years, that all had the exceptional comfort in common.

The Lobby Chair is available in three versions: the **ES 104 office swivel chair**, the **ES 108 conference chair** on glides, and the wider and lower ES 105 armchair for lounges and waiting areas.

Please note - Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and Far East. Therefore export of these products from the UK to the U.S. is not possible.

For more information please contact Herman Miller.
