## Eames Lounge Chair | Black Ash

Designer: **Charles and Ray Eames**

Manufacturer: **Vitra**

£4,612.50

### DESCRIPTION

**Eames 670 Lounge Chair | Black ash by Charles & Ray Eames for Vitra.**

Since 1956, the Eames Lounge chair has combined ultimate comfort with the highest quality materials and workmanship. Charles and Ray Eames were inspired by the traditional British club chair.

In addition to the classic option contrasting cherry, Santos palisander or black-pigmented walnut shell, Vitra recently collaborated with the Eames Office to produce two new versions: an **all white** version for light interiors and the all-black version seen here.

Meticulously crafted, the lounge chair's production comprises 47 distinct steps, many of which must be done by hand. Each step is expertly executed using high-quality materials to ensure long-lasting quality.

Since the iconic design began production in 1956, the average human height has increased by nearly 10cm. To accommodate this change, Vitra has developed a new, larger version of the Lounge Chair, allowing the option to choose between the original 'Classic dimensions' and the larger size.

Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and the Far East. Therefore the export of these products from the UK to the U.S. is not possible.

The Vitra original selection offers a 10-year warranty.
