

Eames RE RAR Rocking Chair

Designer: **Charles and Ray Eames**

Manufacturer: **Vitra**

£690

DESCRIPTION

Eames RE RAR Rocking Chair by **Charles & Ray Eames** for **Vitra**.

Plastic Armchairs were first presented as part of a New York Museum of Modern Art competition, "Low-Cost Furniture Design". Their organically shaped plastic seat shells were later combined with various different bases and manufactured in their millions.

The Eames Plastic Chair has undergone numerous refinements and adjustments throughout its conception in the 1950s. To enhance its sustainability the chair shells now utilise recycled materials sourced from German household waste, notably collected through the 'Der Gelbe Sack' (Yellow Bag) system and predominantly from used packaging. This shift from traditional plastic to recycled material not only contributes to a reduction in climate-damaging emissions but also conserves energy.

RAR = Rocking Armchair Rod Base

For more information regarding finishes, full specification and other information please enquire for details.

Herman Miller has the sole license for the Charles and Ray Eames collection in the U.S. and the Far East. Therefore the export of these products from the UK to the U.S. is not possible.

The Vitra original selection offers a 10-year warranty.

DIMENSIONS

62.5w x 69d x 33/67cmh

MATERIALS

The seat is made from recycled postconsumer waste.

Please note that due to the nature of the material, the recycled shells will exhibit very subtle specks of pigment. There may also be slight colour variations between seats.

Four-legged braced wire base on two wooden rockers with clear varnish.
