DESCRIPTION

HAL Armchair Wood by **Jasper Morrison** for **Vitra**.

Jasper Morrison has added a new option to the HAL chair family: the HAL Armchair. Based on the HAL seat shell, he developed an organic one-piece shell that takes on a distinctive look of its own with the curved armrests 'growing' out from the sides – while still bearing a clear family resemblance to the rest of the line. The shell construction responds to the physical forces operating on the seat and provides maximum stability and superb comfort with a minimum amount of material.
