

HAL Ply Tube stackable chair, 2012

Designer: **Jasper Morrison**

Manufacturer: **Vitra**

~~Was £495~~ Now £420

DESCRIPTION

HAL Ply Tube stackable chair by Jasper Morrison for Vitra.

With HAL, Jasper Morrison has created a new interpretation of the multifunctional shell chair, as well as a broad chair range with a distinct, contemporary look. The shape of the HAL shell provides plenty of freedom of movement and is slightly yielding to permit a number of seating positions – including sideways and astride – to ensure a dynamic and ergonomic posture.

The variety of bases, materials and colours in the HAL range enable a range of possible combinations that can be used for many different purposes both in the office and public spaces as well as at home.

DIMENSIONS

55.5w x 50.5d x 78.5cmh

MATERIALS

Stackable four-legged tubular steel base available in a chrome-plated or basic dark finish.

Up to six chairs may be stacked on the floor; up to 15 chairs may be stacked on a stacking trolley.

Plywood seat shell with wooden veneer. Light oak, Dark oak and Black pigmented walnut finishes available.
