

HAL stool

Designer: **Jasper Morrison**

Manufacturer: **Vitra**

£300

DESCRIPTION

HAL stool by Jasper Morrison for Vitra.

Jasper Morrison lives and works in London and Tokyo. His pieces are an expression of the “Super Normal” design philosophy. Working for Vitra since 1989, he reinterprets, develops and refines existing solutions to give them a new lease of life.

'Special is generally less useful than normal': this statement sums up Jasper Morrison's guiding principle for creating designs that show deference to the dictates of daily life. With the HAL range, he has reinterpreted the multifunctional shell chair and created a versatile family of chairs and stools with a clean contemporary look. The shape of the seat shell provides great freedom of movement in a variety of sitting positions.

DIMENSIONS

Medium stool 49.5w x 49d x 100.5cmh. Seat 64.5cmh

High stool 49.5w x 49d x 114cmh. Seat 78cmh
