DESCRIPTION

Plate Table by **Jasper Morrison** for **Vitra**.

Quite in keeping with Jasper Morrison's philosophy of 'super normal' design, the Plate tables feature a classic shape and finely balanced proportions. Available in four sizes, the tables derive their charm from the successful interplay of subtle curves and precisely defined edges. Designed in 2004, the refined base and the thin table top in Carrara marble or powder-coated MDF form a harmonious whole, yet are clearly distinct from each other.
