

Soft Ottoman, 2016

Designer: **Jasper Morrison**

Manufacturer: **Vitra**

£1,260

DESCRIPTION

Soft Ottoman by **Jasper Morrison** for **Vitra**.

The Soft Modular Sofa is Jasper Morrison's riff on the modern settee. Combining pure proportions with remarkable comfort, the range embodies unrestrained clarity through a low-slung seat with notable horizontal vigour.

It has been conceived in line with Jasper Morrison's philosophy of 'super normal' design, which centres on the reinterpretation and development of what already exists instead of pursuing unusual and grand paths.

The Soft Ottoman reflects the same design features as the rest of the range, offering a comfortable place to sit or rest your legs.

The modular design of the Soft Modular Sofa allows it to function as an architectural feature that can be customised to suit any interior. The range consists of a two-seat and three-seat sofa, side, corner, and central elements as well as a chaise long; the Soft Modular Sofa can be customised to suit a wide range of requirements.

DIMENSIONS

92w x 92d x 38cmh
