## DESCRIPTION

**Fauteuil de Salon chair by Jean Prouve for Vitra.**

The Fauteuil de Salon chair combines plain surfaces into a complete architectural form with a comfortable seat and backrest. Rediscovered in the archives of the French design engineer, the chair's colour was adapted for modern tastes. Thanks to the armrests in oiled solid wood and Prouve's typical philosophy of focusing on design factors, Fauteuil de Salon goes perfectly with other products in the reworked Prouve Collection by Vitra.
