

Trapeze Table, 1950

Designer: **Jean Prouvé**

Manufacturer: **Vitra**

£5,990

DESCRIPTION

Trapeze table by **Jean Prouvé** for **Vitra**.

Just like the Antony Chair, Trapèze was originally designed for the Cité Universitaire at Antony. Its name references the table's two strikingly shaped legs made of sheet steel. Together with the tabletop's broad edges that bevel outwards, they underscore the construction's solid appearance solidity.

DIMENSIONS

223w x 72.5d x 72cmh

MATERIALS

High-pressure laminate tabletop with a black surface coating. Legs and crossbeam in bent sheet steel with black powder-coated finish.
