DESCRIPTION

ID Trim chair by **Antonio Citterio** for **Vitra**.

Designed by Antonio Citterio, the ID Trim chair features innovative materials and production technology providing you with an ergonomic and stylish solution for the workspace. Fitted to the linear frame is a forward-thinking material with lightweight qualities similar to a net, yet soft to the touch. It provides comfort and longevity, making it an excellent accompaniment to your desk.

The chair is available upholstered in a variety of fabric or leather options. Choose from two types of arm-rest and two types of base finish to suit your need.

Please note: pricing is for ID Trim chair with adjustable lumbar support frame. It features FlowMotion without a forward tilt and without a seat depth adjustment. Castor or glides (hard castors with brake for carpet, soft castors with brake for hard floor, hard glides for carpet, soft glides for hard floor). Other variations are available, please enquire for more information.
