

w162 Dalston pendant light, 2016

Designer: **Industrial Facility**

Manufacturer: **Wastberg**

~~Was £379~~ Now £322

DESCRIPTION

w162 Dalston pendant light by **Sam Hecht and Kim Colin** for **Wastberg**.

Inspired by industrial lighting commonly found in factories and workshops, the Dalston pendant light can be hung singly or grouped to create a focal point and bring spatial definition to interiors.

The w162 collection reimagines and reinvents the industrial light for domestic spaces. With three sizes of shade available in either spun steel or glass and a modern LED unit in die-cast aluminium, the Dalston combines a time-honoured aesthetic with cutting edge technology.

Use the **w162 configurator** to explore the numerous combinations of shade and LED unit available, allowing you to match the light to your own interior setting.
