DESCRIPTION

w203 Ilumina Table Lamp by **Ilse Crawford** for **Wastberg**.

'Materials have hidden messages. These create a powerful link to our emotional psyche and shape our connection to daily life.

Our light is a sturdy friend, unpretentious and always there for us. We have chosen honest materials that carry clear messages: iron for its feelings of stability, reliability, trust; wood with its warmth and life, and mineral plastic for its intimate glow, as well as its tactility.

Then we have put these three together for a certain oddness. This is because there is an innate awkwardness in the directional light that we wanted to amplify - rather as with people this is a sympathetic quality not a sin.'

An updated version of the classic library lamp, the w203 Ilumina table lamp draws on innovative lighting technology and luxurious materials. The table lamp merges luxury and practicality seamlessly.

The table lamp is available in three different finishes.
