

Seagrass Squares

£50

DESCRIPTION

Seagrass Squares

Seagrass matting was embraced by modernist architects and designers in the post-war era. As wood and tile floors found favour over the fitted carpet, the use of more traditional and handmade rugs and mats was adopted.

DIMENSIONS

Small : 91w x 183cm

Large : 122w x 213cmh

Please note: this product is made by hand using natural materials, so there may be some variation in size and colour.

MATERIALS

Traditional woven floor mat manufactured in Vietnam. These hard-wearing mats are made of 100% seagrass, which is harvested by hand, dried and spun into cords before being woven into matting.
