DESCRIPTION

w227 Winkel alu Table Lamp by **Dirk Winkel** for **Wastberg.**

To celebrate the 10-year milestone of the w127 Winkel, Wastberg introduced the w227 Winkel alu: a revolutionized iteration of the original. The essence of its bold design has been elevated and meticulously re-engineered to achieve more with less. Now crafted from lightweight aluminium, this next-gen task light employs significantly reduced material, boasting slimmed arm profiles, enhanced joints, expanded movement range, and advanced lighting tech.

The w227 Winkel alu design embodies minimalism and elegance, concealing cables and springs within hollowed arms and joints. Centred on a COB LED, this thoughtfully engineered system delivers a generous, evenly distributed, dimmable light across extensive surfaces. The w227 Winkel alu prioritizes anti-glare efficiency without compromising on light output. Emulating the sun's full, uninterrupted color spectrum, the full-spectrum lighting offers superior colour rendition crucial for accurate colour perception in various settings.

Made from recyclable aluminium, the design ensures robustness and resource efficiency. This versatile task light caters to contemporary workspaces, offering options for base or pin mounting, and is available in classic white, sleek black or raw tumbled aluminium.

DIMENSIONS

w227 Winkel alu b:
Base: 18.6dia
Shade: 7.2dia
Arm: 40.2 x 40.2cmh

w227 Winkel alu p:
Shade: 7.2dia
Arm: 40.2 x 40.2cmh

MATERIALS

Lamp body: aluminium
Base & pin: steel
Diffuser: acrylic
Reflector & glare shade: polyamide

Light source: COB LED (included)
Lifetime expectancy: L80 / 50,000 h
Colour temperature (CCT): 3000K
Colour rendering index (CRI): 97
Standard deviation of colour matching: 3-step MacAdam

System power: 8.2 W
Voltage: 100–240 V
Light control: Dimmable
Insulation class: III
