DESCRIPTION

w163 Lampyre by **Inga Sempé** for **Wastberg**.

The w163 Lampyre, named after the French word for a glow-worm, features two glass pieces elegantly joined together to create a warm, dimmable light. With a matte opal finish, this lamp emits a soft and diffused glow that adds a peaceful ambience to any room. Even when fully illuminated, it remains easy on the eyes, and when dimmed, it radiates a lovely light from top to bottom.

Available in two sizes, the larger option makes for a stunning standalone piece, while the smaller version adds a comforting glow to a side table, shelf or other compact nook.
