

## Quadro Jar

Manufacturer: **Weck**

£5.50

### DESCRIPTION

**Quadro jar by Weck.**

The Weck company has been successfully providing canning equipment in Europe since 1900. Home canning has become a very popular and healthy way to preserve foods, especially when produce is home-grown, given to you, or available at a farm market in your area. Weck canning systems provide an economical as well as a rewarding experience.

The Quadro jar offers a unique shape with a sleek, vintage look. It can be used to hold all types of items and is ideal when used for storing foods.

Features include:

Wide, easy to fill jars

Glass lids that will not rust

Seal that is easy to check at a glance

Easy-open jars - no can opener needed

The jars are easy to stack for convenient, space-saving storage

Glass is microwave safe
