

Wirering Light, 2018

Designer: **Formafantasma**

Manufacturer: **Flos**

£760

DESCRIPTION

Wirering wall light by Formafantasma for Flos.

The Wirering light is a sculptural wall light by design duo Formafantasma. A unique and unexpected form, the wall light is comprised of two parts: a flattened electric cable and a ring with an integrated LED strip.

Unlike conventional lighting which tries to conceal the electric cable, the Wirering cable is designed to be fixed to the wall with abs joints in the same finish as the ring. With its minimal design and indirect lighting, the wall light creates a sense of atmospheric lightness.

"Wirering is an exercise in reduction: stripped-back to its most essential components, the lamp delivers the most with the least." Formafantasma

Supplied with 250cm cable.

DIMENSIONS

31dia x 32dia x 208cmh
