Casper roller workspace organiser

Designer: Lincoln Rivers

Manufacturer: wireworks

£300

DESCRIPTION

Casper roller workspace organiser by Lincoln Rivers for Wireworks.

Designed to fit under a table or a desk, the Casper organiser can be wheeled out when needed or stored away when not in use.

The top tray features four compartments great for organising stationery items, makeups or tools. The middle two trays provide easily accessible open storage. The base shelf can hold eight A4 ring binders, books or towels. The wheels come with brakes to secure when needed.

The organiser needs no assembly. Made with sustainably harvested solid American white oak.

DIMENSIONS

32w x 31d x 65cmh

MATERIALS

The Natural oak cabinet is made from sustainably sourced American white oak and finished with smooth, water-resistant matt lacquer. Edges look crisp but are finely hand sanded to make them soft to the touch.
