DESCRIPTION

Zone 800 Cabinet by **Lincoln Rivers** for **Wireworks**.

The slim and vertical Zone 800 Cabinet from Wireworks is perfect for reclaiming corner and wall spaces where conventional cabinets don't fit. The door features a polished edge mirror in the front with a circular mirror inside which provides five times magnification for a great close up view. The extending hinges afford a wider door opening with easy access to the magnifying mirror inside.

The cabinet can be fixed with either left or right-hand opening. The cabinet is not designed to be mounted in pairs next to each other. A full edge rededge stretches on three sides allowing the door to open effortlessly. The inside features three moveable, polished, tempered glass storage shelves. The cabinet is assembled with filet corner joints for great strength and flexibility.

DIMENSIONS

25w x 12d x 80cmh

MATERIALS

The cabinet is made from sustainably sourced American white oak and finished with smooth, water-resistant matt lacquer.
