

Left Hook Rail

Designer: **Lincoln Rivers**

Manufacturer: **Wireworks**

£90

DESCRIPTION

Left Hook Rail by **Lincoln Rivers** for **Wireworks**.

Introducing the Wireworks Left Hook Hanging Rail - the perfect solution for organising your hats, coats, and scarves. With 3 or 5 double hooks, inspired by the classic locker room design, this rail will keep your space tidy and add a touch of vintage style.

The hooks have rounded edges to prevent tearing and snags, and the bespoke brass screws can be easily aligned for a seamless look. Plus, the wall-fixing screws are cleverly concealed for a secure fit.

Made from sustainably harvested natural American white oak and oak veneers, the Left Hook is both beautiful and durable. The edges are carefully hand sanded to be soft to the touch, and the whole unit is finished with a water-resistant lacquer for easy maintenance.

DIMENSIONS

3 hooks rail: 51w x 8.6d x 17cmh

5 hooks rail: 89w x 8.6d x 17cmh

MATERIALS

Made with sustainably harvested natural American white oak and oak veneers.
