DESCRIPTION

With a Screen Print by Nathalie du Pasquier for The Wrong Shop.

The 'With a Screen' print was created by acclaimed French artist Nathalie du Pasquier as part of a limited edition series for The Wrong Shop. In du Pasquier's signature abstract manner, the figurative silhouettes are contrasted by the composition of colour-blocked areas, reflecting her desire to express contradictions.

Nathalie's creations are "constantly acting between the representational and non-representational, the tangible and intangible, reality and imagination, and two- and three-dimensional forms" - Pace Gallery.

A founder member of the Memphis group, French-born artist and designer Nathalie Du Pasquier has been based in Milan since 1979. She has focused primarily on painting since the late 1980s, producing a body of work which explores constructed architectural forms that can only exist in two dimensions.

Limited edition of just 35 prints, each is signed and numbered by the artist.
