DESCRIPTION

San Francisco Rug with Backing by **Ritva Puotila** for **Woodnotes**.

San Francisco is a durable and sustainable design from Woodnotes formed from a combination of vertical and horizontal stripes and squares. The soft hues, drawn from the natural world, work harmoniously to create an inviting and laid-back ambience within your interior space.

The rug boasts remarkable resilience and strength due to the fibres of wood, which are meticulously woven in compact arrangements to prevent dust from gathering - making it an excellent option for those with dust allergies.

Woven from plant fibres, San Francisco is 100% vegan, bearing testament to Woodnote's commitment to ethical craftsmanship.

San Francisco was granted an Interior Innovation Iconic Awards 2017 Best of Best.
