DESCRIPTION

Railway Rug without Backing by **Ritva Puotila** for **Woodnotes**.

Railway showcases an intricate design that cleverly intertwines two yarn colours to form a unique linear pattern, noticeable from a distance. Upon closer inspection, the true artistry emerges, revealing one line as a fusion of both hues while the other retains the pure essence of a single colour.

The rug boasts remarkable resilience and strength due to the fibres of wood, which are meticulously woven in compact arrangements to prevent dust from gathering - making it an excellent option for those with dust allergies.

Railway is woven from plant fibres, proudly bearing the 100% vegan seal and reflecting Woodnote's dedication to ethical artistry.
