## DESCRIPTION

**Willow Rug with Backing** by **Claesson Koivisto Rune** for **Woodnotes**.

Launched initially at the Helsinki Design Week in 2022, Claesson Koivisto Rune's Willow rug seamlessly weaves nature with contemporary values by utilising natural materials and traditional dye techniques.

With its irregular striping, this remarkable rug emerges from an eco-friendly development process, where willow is transformed into dye. Sourced locally from Finland, the willow dye infuses the rug with authentic colours, echoing its origin story.

The soft hues of the willow sit gracefully on top of a neutral backdrop, resulting in a captivating rug that fosters a tranquil atmosphere.

These rugs are meticulously woven from plant fibres, proudly bearing the 100% vegan seal.
