DESCRIPTION

Willow Rug without Backing by **Claesson Koivisto Rune** for **Woodnotes**.

Claesson Koivisto Rune's Willow rug combines natural materials, minimalist design, and traditional dye techniques to blend contemporary style and nature seamlessly.

Launched initially at the Helsinki Design Week in 2022, this handsome rug emerges from an eco-friendly development process, where willow is transformed into dye. Sourced locally from Finland, the willow dye infuses the rug with authentic colours, echoing its origin story.

Willow's soft hues and irregular lines sit gracefully on top of a neutral backdrop, resulting in a captivating rug that fosters a tranquil atmosphere.

These rugs are meticulously woven from plant fibres, proudly bearing the 100% vegan seal.
