

Ambrosiano Table, 2021

Designer: **mist-o**

Manufacturer: **Zanotta**

£2,700

DESCRIPTION

Ambrosiano Table by **mist-o** for **Zanotta**.

mist-o's Ambrosiano Table for Zanotta is both understated and impactful. Made of just four components, it has been designed with exceptional care to detail.

Comprised of a pair of trestles, with slanted oval-section posts in either natural oak or black stained oak, which accommodates two parallel steel crosspieces that securely link the trestles together using eight screws, and support the tabletop.

Suitable for the home, hotels, workspaces, and hospitality venues - Ambrosiano comes in a range of sizes and finish options to suit any interior aesthetic. The tables can easily be placed next to one another to create long elegant dining or meeting tables.

"In our take on the trestle table, we started off with the very simple idea of blocking the trestle in a specific position for each length." mist-o.

DIMENSIONS

165w x 90d x 74.5cmh

190w x 90d x 74.5cmh

245w x 90d x 74.5cmh

275w x 90d x 74.5cmh

MATERIALS

Legs are available in natural solid oak, or in open pore black painted oak.

Matt black painted stainless steel spars.

Table top is available in smoky grey tempered plate glass, or in thick oak-plated particle wood, either natural oak or black painted with open pore oak - both of which match the legs. Also available in Fenix® laminate plated particle wood in the shades light grey or anthracite grey with natural oak edge, white Carrara marble with stain-resistant protective varnish, or in naturally smoothed Onsernone stone, with water repellent stain-resistant oil treatment.
