

Grid ceiling light, 2012

Designer:**Front**

Manufacturer:**Zero Lighting**

£1,376

DESCRIPTION

Grid ceiling light by **Front** for **Zero Lighting**.

This ceiling light is the most recent addition to the highly successful Grid lighting system. Surrounded by industry-standard sheet metal, this contemporary ceiling light is both functional and charming. The Grid ceiling light will sit above any dining table or meeting desk.

Grid has an attractively industrial raw finish with welding marks visible through the transparent varnish. See the Grid pendant and Grid wall light in the 'Product range' below.

DIMENSIONS

9.6w x 9.6d x 125cmh

MATERIALS

Grid lights are formed from industry-standard sheet metal with different hole formations: either perforated metal with square holes or expanded metal.

Available in the following colours: yellow, orange, clear painted metal or transparent gold varnish.

Light sources:

IP20 LED 2210LM/33W L1250.

IP20 LED 2210LM/33W L1250 (dimmable).

Available in both dimmable and non-dimmable versions.
