Kettle

Manufacturer: **Zwilling Enfinigy**

£90

DESCRIPTION

Kettle by Zwilling Enfinigy.

Beautifully crafted, the Zwilling Kettle seamlessly merges style and functionality. With 1850 watts of power, this electric kettle has a dual-wall plastic body that keeps water hot while remaining cool to the touch on the outside. It also offers advanced safety features, such as dry boil and overheating protection, and a lid that opens to a 70-degree angle to prevent steam contact.

Elevate your daily routine with this contemporary and practical design in a sleek black finish.
